

Building Act 1975 (QLD) (the Act) section 261 and Building Regulation 2006 (Qld) (the Regulation) section 16T.

The form must be completed by a building industry professional which is defined under section 16O of the Regulation.

Obligations on building industry professionals

Section 16ZH of the Regulation states that within 5 business days after this statement has been completed you are required to give a copy of this form to

- The building owner or the building owners acting agent
- A copy to the QBCC via qbcc.saferbuildings@qbcc.qld.gov.au
- The local government where the building is situated

Penalties may apply for non-compliance.

Completing this form

- Use BLACK pen only
- Print clearly in BLOCK LETTERS
- DO NOT use correction fluid — any amendments should be crossed out and initialled

Obligations on building owner/agent

Once completed, a copy of this form must be uploaded into the Safer Buildings website along with a completed Combustible Cladding Checklist (Part 2).

BUILDING DETAILS

| | | | | | |
|-----------------------|----------------------|-----------|----------------------|----------|----------------------|
| Lot no | <input type="text"/> | Plan type | <input type="text"/> | Plan no | <input type="text"/> |
| Street address | <input type="text"/> | | | | |
| | <input type="text"/> | | | | |

| BIP Licence number | | | | | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | | | | | |

QUESTION 5

Refer to NCC - Building Code of Australia - Part C1 and the *Guideline for assessing buildings with combustible cladding*.

Is the building of Type A or B construction?

Yes No

Additional information is required from the Building Industry Professional related to this answer.

a. What is the *building* classification?

b. What is the building *construction* type?

c. What is the rise in storeys of the building?

d. With reference to the *Guideline for assessing buildings with combustible cladding*, provide a summary of any further evidence you (the Building Industry Professional) took into consideration to identify the answer to question 5.

(If the answer to question 5 is NO, after answering a to d above, disregard question 6 and go to the Building Industry Professional Declaration)

QUESTION 6

Refer to section 10 of the *Guideline for assessing buildings with combustible cladding*.

Does the building contain any combustible cladding, or products with combustible content in the external wall assembly, or in attachments to the external wall assembly?

Yes No Not sure

Additional information is required from the Building Industry Professional related to this answer.

Refer to *the Guideline for assessing buildings with combustible cladding* prior to answering the following questions.

a. Was a visual inspection of the building conducted? Yes No

b. If evidence of combustible cladding was identified, provide a summary of that evidence.

c. Was a review conducted of documentation relating to the building's design and specifications, façade engineering specifications and the like, to confirm 'as-built' alignment or non-alignment with approval documentation? Yes No

If **yes** list which documents were reviewed?

d. Were you (the Building Industry Professional) able to confirm 'as-built' alignment with approval documentation for the building? In answering this also consider product substitution or unapproved changes of cladding systems. Yes No

If **no** provide a summary of the evidence of non-alignment, substitution or change you established.

BUILDING INDUSTRY PROFESSIONAL DECLARATION

I declare the information provided is true and correct.
